The recommendation of the Dgl for strengthening the menial establishment of the Govt Central Book Depôt at an additional cost of Rs 186 per annum was noted for consideration in connection with the Budget The small amount was disallowed in Council

However a large saving may be expected from the allotment now sanctioned under different heads The small cost may, if so submitted, be sanctioned and met from the general savings in the current years Budget

The Dgl has been shewing this letter in the unanswered list and final orders have to be communicated to him

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE
Mysore 1st May 1900 189—

From

H J. BIALLIA Esq
Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore
in the General and Revenue Departments
Bangalore

SIR

I have the honour to submit herewith for the favourable consideration of Government copy of letter No 3084 of the 23rd April 1900 from the Curator of the Central Book Depot Bangalore pointing out the absolute necessity for strengthening the menial staff and for giving increase of pay to certain hereinmarked peons of the Central Book Depot Bangalore - The work in the Depot has been increasing every year and it is certain that the Attender and six peons now attached to the Depot do not suffice for the work I request that Government may be pleased to sanction two more

peons or packers on Rs 6 each with effect from the 1st July 1900

2 The Inspector reports that Munuswamy Duffedar and Thuppanya and Krishnaji, peons have had very hard and responsible work to do and have discharged their duties to his entire satisfaction - He proposes to raise the pay of the Duffedar from Rs 7½ to 9 and of the two peons from Rs 6 to 7 each In consideration of the responsibility of the work they have to do and of their long and approved service in the Department I beg to recommend strongly that Government may be pleased to accord sanction to the increases proposed

3 The additional charges for appointing two more peons on Rs 6 each and for raising the pay of the Duffedar and the two peons in the Depot will amount to Rs 15-8-0 a month or Rs 186 a year Considering the importance of the work done by the Depôt and its usefulness to the schools in the Province I request that Government will be good enough to sanction the increased cost with

with effect from 1st July 1900.

Sir,

Inspector General of Education,

Sir,

With reference to your Docket
s/c 7340 of the 30th ultimo transmitting
Invoice 533 & Packet, and after consideration,
my Chief reasons to show that it is
not at all possible to carry out the
dispatching and return business in the
Central Book Depot with the several
men referred to in the above docket
1 "The Packing business" —

From 1 cento 120 books can on an ave-
rage are packed everyday for which
suffices

supplied to the Branch Dept Keepers
and as the packets are not to exceed a
certain weight and size in accordance
with the Postal Regulations the 480
books above referred to are made into
about 40 packets Besides this, Class
and Reference books, Colour Boards,
Clocks &c have to be sent to different
Schools Account is also to be taken
of packets sent for money Orders and
Value payables received in this Office
The total packets of all the above
mentioned items including Journals will
be not less than 150 a day There is
addition the supply of sand glasses
and other articles which require a great
deal of care and delicacy in packing
There is a number of other minor articles
to be packed which it is needless to
mention here Three persons are at least
necessary for managing the above-
mentioned business, two being employed
in the actual work of packing and
the third assisting the Despatching
Clerks in weighing the packets &c
2 The Postal Business —

P.S

to the packets should be delivered to can it
be conveniently sent to the Post Office
in the ~~the~~ they are all put in a wheel-
barrow which is drawn by two coons
to the Post Office

3 Local Delivery —

In the local post office
cannot be in most cases made use
of, for instance, in sending bills and
books for local delivery one cannot
at least absolutely necessary for
this business

4 Treasury Business —

Almost every day one is to the bank
either to the treasury, to draw or
remit money or to the Madras Bank
for getting cheques or sometimes to
have them cashed

5 Business with Coal —

Articles of stationery packed in
packets articles of general interest
and boxes containing books may be
sent by mail two coons should
go for this business and load the
various things in waggon

6 Office business.—

One peon should always be present in the office to attend to the orders of the Comdr and the requirements of the Contractors Clerks, to purchase covers &c

There are other duties of minor importance to be performed which it is not worth while mentioning in an official correspondence &c stated above the various kinds of work done in the depôt require the services of 10 peons But, as it is, there are only 6 peons including the Duffedar and one Attender whose business is to bring from the Store room books required (sometimes with the help of Coolies) required both for sale in the depôt and for being packed to different places, and who therefore cannot attend to actual packing work. It often happens that there will be no peon in the office to attend to Office business

It was with great deference and much careful thought that I proposed in my letter No. 2763 of 557 of 4th

the 4th return the appointment of any two additional Packers

Which case I request you would be pleased to direction

I beg to bring to your kind notice also the fact that the grain allowed of the Depot have been lately intended owing to the increase in Schools and Boarding Depots and consequently greater demand in throughout establishment the scale of allowance stated, the very hard worked and deserve very consideration at the hands of the Inspector General, I therefore respectfully request that the small increase recommended by me in the docket above referred to for the Cook, Khansama, Khidmatgar and Khushnavis may kindly be favourably entertained

I have the honour to remain

Sir

Your most obedient humble servant

To

The Secretary to the Government of Mysore

Sir,

I have the honour to state that in my letter No 10542/489 dated 1st May 1900 I submitted a proposal for strengthening the Menial establishment of the Government Central Book Depot Bangalore at an annual cost of Rs 18 In reply I was asked to renew the recommendation if sufficient savings could be shown under any of the sanctioned Budget heads out of which the extra charge might be met I am sorry to say that I am unable to point out any savings from which the proposed expenditure can be sanctioned though at the same time the necessity for strengthening the Menial staff of the Depot in the manner proposed has become more important in consequence of increase of work since I last wrote on the subject I am therefore obliged to renew my recommendation again and to request that Government may be pleased to sanction the appointment of two additional packers on Rs 6 each whose services are urgently required and an increase of the Sufficar's pay from

from Rs $7\frac{1}{2}$ to Rs 9 and of two peons from Rs 6 to Rs. 7 for long and faithful service, with effect from the commencement of the ensuing official year
